Miss Coral Lorenzen International Director Aerial Phenomena Research Organization 4407 East Linden Tucson, Arisona

## Dear Mise Lorenzen:

We have referred your letter with the enclosure to it. Colonel Lawrence Tacker, U. S. Air Force, who is our contact roint and responsible for mattere regarding unidentified serial phenomena.

Concerning the last sentence of our letter to Congressman Scherer, there was a typing error in which a word was omitted; the last clause should have read, "which has already been provided by the Air Force."

Sincerely,

SIGNED
